

Nanaimo Youth Services Association
"Believing in the power and potential of youth"

C

The bladerunners got me off my ASS
And realize that people do care about
youth. It has also gave me the opportunity
to work a livable job rather than
McDonalds in our community And I thank
all blade runner employees greatly.

K

The Bladerunners for me has been
almost the best thing that happened to me
and I learn so much And I've gained
so much more experinced and I think
now that I've bin here I'll be so
much better in life than you guys

Its amazing to think next
week I will be living on my
own having a work placement that
will hopefully turn into a long-term
career option.

H

Bladerunner has changes thing
for me because I have been
staying out of trouble & give me
skill to work in the field of my choice and
that is also why it been good for
me and hopefully I will be a successful
person.

Support

&

Encouragement

Before I joined
Bladerunners I was just a high school
drop out who had no intentions of doing anything
with my life, but after these four weeks
I have the want and the drive to
do better things with my life.
